**The Sky Card Advantage:** The Sky Card program benefits anyone flying at least 5 times per year. With the Sky Card, Blue Star Jets is able to "lock-in" a plane at an attractive price. In private aviation, prices will vary based on the date of your trip and the availability of aircraft on that date. By purchasing a Sky Card, you give Blue Star Jets the ability to get you the right jet at the right price.

### Blue Star Jets Rewards Program:

Blue Star Jets charter clients and Sky Card members now receive points for every trip they book. (Sky Card members will accrue points at five times the rate of charter clients). Sky Card members and clients can then log on to the Blue Star Jets website, [www.bluestarrewards.com](http://www.bluestarrewards.com), to redeem points for any of the 1700 luxury goods located in BSJ's online store. Everything from the highest end leather goods and diamond jewelry to plasma televisions will be offered from: Coach, Ebel, Canon, Samsung LCD, Bang and Olufsen and more (see website for complete list of luxury partners).

The Blue Star Jets rewards program is an added value to our Sky Card program. Blue Star's Sky Card and Reward Program are the most comprehensive membership programs in private aviation; offering more flexibility, services, and safety, than any other private jet firm.
